14.06 Declarations of Pecuniary & Non-Pecuniary Interests

Councillor Caley declared his interest in the planning application at Manor Farm, Flinton.

14.07 Matters arising:

Transparency Code – Clerk reported on the options available for a website involving the purchase of a domain name for 10 years for approx. £50 and then using ERYC website to host the website – currently a free service from ERYC. RESOLVED that the Clerk purchase a suitable domain name and sign up for ERYC to host the website. It was noted that the Clerk will manage the website.

14.08 Planning

a) The Bungalow, Humbleton submission about the change of use of land for the keeping of horses / donkeys and the erection of a stable block. Concerns were raised about the water collection and whether sufficient collection was included especially if the excess could feed into the beck. RESOLVED to recommend acceptance of the application with the following observations:

- For domestic use only;
- To note our concerns about excess water collection; and
- The current underfloor heating using the ground source heat pump – how would that impact the development.

b) Installation of ground mounted solar panels (600 panels in 4 rows). FC answered questions about the proposed application including location and reasons, and then left the meeting. RESOLVED to recommend acceptance of the application.

14.09 AOB
